UNCLE SAM'S CRIME RECORD
By Central Press
WASHINGTON, July 18.—Uncle Sam now possesses the largest collection of fingerprints of criminals ever assembled under one roof.

It is international in scope, and records are received currently from Great Britain, France, Denmark, Argentina, Canada, and Mexico. The collection was increased to 600,000 when the fingerprint records of the federal prison at Leavenworth Kan., were moved here and placed in charge of A. J. Rence of the department of justice, official fingerprint custodian of the government.

From these hundreds of thousands of tell-tale marks Rence can identify a criminal if he has ever committed a previous crime.

DEFEATS HANDICAP OF BLINDNESS
By Central Press
MONTREAL, July 18.—He might be a figure on a street corner, pitifully pulling rags out of a violin and waiting for the occasional alms of passersby, but Gabriel Cusson, sightless since birth, would not let blindness defeat him in his striving for his life's ambition.

So today he is the possessor of the \$3000 Province of Quebec scholarship, which will enable him to continue his musical studies abroad. His remarkable talent as a cellist player won him the prize over many competitors. Cusson, inmate of Nazareth Institute for the Blind, early showed a talent for music, and with the aid of the Braille system he mastered the technique of music.

YOUNGEST RABBI IS 23 YEARS OLD

CINCINNATI, July 18.—Rabbi Joseph M. Taxay of Cincinnati, a graduate of Hebrew Union College, is the youngest rabbi in the United States. He is 23, and established the new record of having completed the standard nine-year course in theological training in five years.

Before starting into theology Rabbi Taxay was a police reporter on a Pittsburgh newspaper. He is a descendant of Rabbi Yom-Tov Lipman Heller, the famous Talmudist, author of "Tosafot, Yom-Tov" and the great Rabbi of Prague, a leading figure in Jewish history.

WAITER IN COLLEGE: NOW IS SOLON
By Central Press
ATLANTA, Ga., July 18.—E. C. McClure began earning his way through the University of Georgia, at Athens, by waiting on the table in a dormitory.

He is still earning his way, but now he is a member of the state house of representatives, divides his time between summer study books and legislative sessions. He is chairman of one of the most important committees of the lower house.

THE AMERICAN BOWLING ALLEY WILL OPEN IN McDONALD BLDG. HERE ON NEXT TUESDAY NIGHT

Five shining new bowling alleys will be formally dedicated to the use of the people of Torrance and surrounding territory Tuesday night when The American Bowling Alley, opposite the entrance of Andrew street, will be opened for business by Lawrence Crowell and C. P. Alverson, well-known Torrance men.

Answering a long-felt need in Torrance, The American is a spacious hall, simply but attractively appointed, well lighted, and will be operated under a policy of refinement adopted by the proprietors. In addition to the bowling alleys and all the most up-to-date equipment that goes with them, The American is equipped with five tables—two for pocket billiards, one for straight billiards, and one for English billiards.

Messrs. Crowell and Alverson also announce that they will specialize in the sale of tobaccos and candy and will conduct a modern soda fountain.

The splendid new alleys will be baptized at 7 o'clock Tuesday, when the first game will be rolled by Mayor E. R. Smith and Carl Hyde, president of the Chamber of Commerce.

Other teams representing Torrance firms have reserved alleys for match games Tuesday. A Union Tool team will play Santa Ana. The First National Bank team will meet an aggregation from Paxman's, and Tanz's bowling barbers will test their skill against an Evans and Clark team.

Another feature of the evening will be a special match between Big Bob Clark and Little Harold Gutfenfelder.

The lighting system at The American is unusually well designed. Eight lights illuminate each alley, one being a large flood light over the pins. On the walls of the hall artistic sidelights are placed on each plaster.

Under the seats to be used by spectators and bowlers are lockers for individuals for the safe-keeping of individually owned bowling balls and shoes.

The soda fountain will be 14 feet long, with a 22-foot bar behind. The fine new building is owned by Ed McDonald, who has leased the second floor to the Loyal Order of Moose. The whole building is a structure of which Mr. McDonald may well be proud.

Evans and Clark had the cement contract.

The sound-proof ceiling of the first floor was supplied by the Consolidated Lumber company.

F. L. Parks had the plumbing contract and will install the soda fountain.

Halladay and Hall did the plastering and brick mantel work.

All the electrical work was done by the Brea Electric Company.

GEORGE NEILL, BACK IN TORRANCE, TELLS OF BIG PARTY CONVENTIONS; WITNESSED McADOO DEMONSTRATION

Mr. and Mrs. George Neill of Post avenue returned to Torrance Wednesday afternoon, after an extended trip through the east, where Mr. Neill visited the Democratic convention at Madison Square Garden, New York.

Mr. Neill was present at the convention the day that Senator Phelan nominated William Gibbs McAdoo and witnessed the demonstration of Californians on the floor.

"The feature of both conventions that impressed me most," said Mr. Neill, "was the manner in which the radio has brought home politics to the people. All through the east during the convention thousands of radio sets were tuned in on the convention. On almost every street in Chicago and New York crowds heard the convention speeches by radio. Thousands of persons who never before knew anything about national conventions and nations' issues heard them discussed during the conventions. The importance of this on the future of American politics cannot be overestimated."

random, with one idea in mind—to decide for ourselves what the movies are tending to do to society.

Our conclusions, being the conclusions of two men only, may be wrong.

At least we will have satisfied ourselves that we tried to find out.

PRESIDENT COOLIDGE will lose his own campaign.

La Follette's backers adopt a new broom as the Progressive emblem. "They say it will sweep clean."

Mayor Hyman of New York says only a progressive can elect Davis if he cuts his Wall street string; otherwise La Follette.

Gen. Dawes opens up headquarters in his Illinois home.

Davis is still trying to decide who will be chairman of the Democratic national committee and his campaign manager.

That constitutes the political news of the day.

The big guns have not been fired. The three contenders are still range-finding. About September 1 the real battle will begin.
